PROJECT WORK / TRAINING

UG PROJECT WORK

- **Laboratory Tests On Mortar Admixture (Buildolime) And Replacement of cement Partially Or Half By It.**

Carry out the test required for mortar like compressive test , split tensile test ,soundness test on cement mortar and replacement of half and one fourth of cement with the admixture Buildolime and make comparative study between the result and also to study economy and desired strength of it.

PG PROJECT WORK

- **Experimental analysis of steel skew bridge.**

To study the response of skew bridge under varying skew angles. Responses of the skew angle with respect to the deflection, stress are extracted from the analysis results and evaluated. Comparison showed considerable behavioural variation in skew angle. The load Vs strain at different point plotted for all the girders were observed and compared with the test results of the straight girder system.

EXPERIENCE

- Total Teaching Experience 4 years.

AREAS OF INTERESTS

- Strength of Material
- Structural Analysis
- Reinforced Cement Concrete
- Design of Steel Structure
- Engineering Mechanics

SOFTWARE SKILL SET

- Languages : C, C++.
- Softwares : AutoCAD, Staad-Pro.
- Operating System : Windows.

PROFESSIONAL MEMBERSHIP

Lifetime Membership of ISTE.

ACADEMIC ACHIEVEMENTS & CO-CURRICULAR ACTIVITIES

- Attended one day workshop on Structural Design And Application in Industrial, Petrochemical And Energy Projects held on 7th August, 2010 in Government College of Engineering, Aurangabad.
- Attended one day workshop on topic IS456:2000, held on 16th January, 2010 in Government College of Engineering, Aurangabad.
- Organized Blue Print A National Level Technical Event in Wings-2010, held on 26th march, 2010 in Government College of Engineering, Aurangabad.
- Participated in the week short term course on FORENSIC ENGINEERING PRACTISE held at NIT TRICHY from December 14-18, 2012

HOBBIES

- Playing Cricket
