

Our Distinguished Alumni

Mr. Vikas Mathur (Admission Year: 1984) is from the first batch of our engineering graduates and has been working in the enterprise software industry for over 25 years. During this period he has worked in many senior leadership roles at companies like IBM, Oracle, HP and Tata Consultancy Services. He is an expert in cloud technologies and has recently co-founded an interesting new start-up called [RightCloudz Technologies](#). Vikas is a regular speaker at conferences in the ASIAN region and has also co-authored a book on J2EE that was published by Tata McGraw-Hill. He was also the Chief Guest at the 25th year celebration of this college.
